

Imagine that you are doing a project on environmental problems in Zetland. You have found some data on the subject, the results of the survey (see the pie chart below): Comment on the data and give your personal opinion on the subject of the project.

What environmental problem in your country do you consider the most serious?

Write 200-250 words.

Use the following plan:

- make an opening statement on the subject of the project
- select and report 2-3 facts
- make 1-2 comparisons where relevant and give your comments
- outline a problem that can arise **with the environment** and suggest a way of solving it
- conclude by giving and explaining your opinion on **the role of the environment protection**
